## Core Competency:

Chilcott is able to source a large variety of customer requirements and our core offerings include: Mobile Command Centers, Satellite Service and Equipment, Staff Support, Helicopter Training and Equipment/Parts. We deliver Domestic and International products and solutions used in a variety of Rapid Response, Emergency, and Training Scenarios. We concentrate on U.S. products, training and solutions that are expeditionary and can rapidly respond to natural disaster, humanitarian assistance, human rights, large events, peacekeeping missions, remote industrial projects and more.

## Experience Matters

Our bilingual associates are proficient and accustomed to delivering and training in domestic and international arenas with a focus on Latin American and the Caribbean; most recently we have supported peacekeeping forces for UN Missions MINUSCA and MONUSCO. We've spent years researching, developing and refining our product offerings in Operational Environments and our systems have delivered exceptional results every time. We are the only Department of Commerce Approved Exporter of the MERC™ with embedded Mutualink® Technology. Chilcott is also the 1<sup>st</sup> line of support and manages the Mutualink South America Multicast for USSOUTHCOM. Chilcott is especially accomplished in coordinating and procuring Specialty Products and Training Solutions in partnership with U.S. manufacturers such as Erickson Aviation, Mutualink, Motorola, CCS, Cummins, and I.P. Access Satellite Systems; just to name a few. Chilcott is fully registered in SAM and UN Market Place in order to conduct business; past performance references are available upon request.
